Enhance Academy's Quarterly Newsletter

Breaking News: In-center classes will resume this month!

Thanks for a great term online!

Wow, what a strange and interesting time! These past three months online have certainly offered plenty of challenges but also many rewards.

We have so much respect for our amazing students and teachers who have adapted so well and so quickly to hugely different ways of learning and teaching. From everyone on the Enhance team, we really hope the online classes this term were both enjoyable and engaging and met the same high standards we always aim for!

We're now very happy to announce that we will be re-opening our center at Plaza Arkadia on 15th July 2020!

Although we are excited to return to classrooms, rest assured that our students' safety will remain our priority, even if this means offering both online and in-center lessons for many of our courses.

Thanks for being part of our Enhance community. We can't wait to see you all again, soon!

In this Issue:

- Term 2 Online
- In-center classes resuming
- Goodbye, Daniel
- Welcome, Giancarlo
- Refer a Friend Programme

Important Dates:

- **15 July:** Enhance Academy re-opens for physical classes
- **26-28 August:** Term break, no classes
- **29 July – 16 August:** Priority re-registration – save RM100
- **4 September:** Term 3 ends

Goodbye, Teacher Daniel

We'll miss you!

Teacher Daniel has been with our team since May 2019. During this time, he's built really strong relationships with many of his students.

He brought a lot of experience to our team which really helped us during our first year at Plaza Arkadia.

Among his achievements were the Flyers and Young Adult School Holiday courses, and teaching both IGCSE and Secondary Advanced Writing.

We're extremely grateful for his positive contributions and wish him luck as he moves on to the next stage of his career!

Welcome, Teacher Giancarlo

Meet the newest member of the Enhance Academy teaching team.

As Daniel leaves us, we'd like to extend a warm welcome to Giancarlo who is joining us from Scotland in the UK. Let's get to know him!

Where did you teach before joining Enhance?

I started my career in Italy – my second home – before moving to Tokyo, Japan, in 2016, where I lived and worked for three years.

What kind of students have you worked with?

I've taught students of all ages and levels. The youngest students I've taught were 2-years old and the oldest was 85-years old! I taught phonics and early childhood English, general English, business English and Cambridge Exam preparation.

What's your favorite thing about teaching?

I enjoy connecting with my students and tailoring lessons around their needs and interests. Nothing makes me happier than seeing students fully engaged in a lesson in a way that can bring out the best in them.

What do you enjoy doing in your free time?

I love hiking, and I also enjoy cooking and trying new foods both at home and out in restaurants. However, my real passion is learning languages, which really helps me to understand my students!
